Crushing out Liberty.

Despots, having a hireling soldiery at their command, find them their ready support in crushing out the liberties of the people. When imperious commands fail, they resort to the bayonet.

Just now, Gov. Walker, the pet and agent of Mr. Buchanan, who was to conciliate Kansas so soon, is trying the despots' desperate game.—Finding that his show—a miserable show indeed—of fairness towards the Free State men, was bringing upon himself and his master the denunciations of the ultra pro-slavery press, he looks about for an occasion to recover his lost ground, and finding nothing better than a new city charter, adopted by the people of Lawrence, he proclaims it *treason*, and brings down a regiment of troops to compel them to abandon their organization!

Superintendent of Public Instruction.

There is no office of public trust in this State which begins to compare in importance with that of the Superintendent of Instruction. The conduct of the educational interests of near two hundred thousand pupils is in his hands, and upon his ability to organize a system, his industry in supervising its operations, his entire impartiality in all his official acts, his thorough independence of everything which will impair his usefulness in his official position, depend the success of that system.

We think that all who know anything of the history of the school system of our State since its organization, will concur with us in the assertion that we have never had a Superintendent, such as we ought to have—such as the interests of the schools require. Of late, an element of trouble has come in which is not to be overlooked—we mean alleged complicity with eastern booksellers in the introduction of their books into the schools, a matter which is, by the State laws, within the power of the Superintendent.—Charges of this nature are rife throughout the State against the present Superintendent. We do not care to argue the truth or falsity of these charges; it is their existence and general circulation which makes the trouble, and the Superintendent to be useful must be above suspicion.

There is a man, fortunately, in our State—there may be many, and in mentioning one man, we do not desire to prejudice others as worthy—whose avocations have fitted him for the office of Superintendent—who, as a teacher in one of the very best schools of the State, has won a wide and enviable reputation—who is industrious and energetic—whose whole soul is in the work of education—who is free from all complicity with the interests referred to—who has shown himself to be an honest, straight-forward man in all his transactions—and who, as we understand from others, having not seen or conversed with the gentleman himself, is willing to give his services to the work, for the very inadequate salary provided by our State laws. That man is JOHN G. MCMYNN. With him, or such a man, at the head of the educational interests of Wisconsin, we should enter upon a new career indeed.

We trust that the delegates from the people who will assemble at Madison in September, will bear in mind the importance of this office, and see that the best man is put in nomination.

THE MINNESOTA CONVENTION.—The Sentinel says the idea that *any* of the Republicans voted to adjourn the Minnesota Convention is absurd. If the editor of the Sentinel had read with eye unblinded to his party's faults the proceedings of the opening day of the Convention, as published in the St. Paul papers, kindly furnished him by friend Storms, he would have seen that some twenty Republicans voted with the Democrats for the adjournment, thus giving a large majority in favor of it. The Sentinel must keep posted on such matters as this before it talks so loudly of misrepresenting, etc.—*American.*

It was just because we were thoroughly posted that we made the remarks referred to. Fifty-five legally elected Republican delegates having signed a paper requesting one of their number, Mr. North, to call the Convention to order, it was a stretch of credulity altogether beyond us to suppose that any of them would vote to adjourn when Mr. Secretary Chase, who had no more business in the Convention than the editor of the *American*, put a motion to that effect, coming from the factious minority of Democrats. The Republicans were ready for business, and voted to proceed with it.

PROVIDING FOR THE PLUNDERERS.—According to the Cleveland *Herald*, the members of the late plundering Democratic Administration of Ohio, being turned out of office by the people for their misdeeds, are, as is usually the case, being handsomely provided for by the Federal Government. Ex-Gov. Medill has a fat berth at Washington, State Printer Medary in Minnesota, and Dr. Trevitt, Secretary of State, has just been appointed Consul to Valparaiso. Washington dates of the 16th state that Mr. Clay is soon to be recalled from the Peru Mission, and Col. Morgan, of Ohio, the Ex-Auditor, who confesses to a knowledge of Breslin's stealings, will probably succeed him. Breslin is the last of the "Rat Row" officials, and has demonstrated capacity for first class sub-treasurer. Medill, Morgan, Trevitt and Medary, can consistently endorse him.

IMPROVED MAIL ARRANGEMENTS.—The Post Office Department has made arrangements to have the mails between the North-West and Philadelphia, Pittsburg, Washington and Cincinnati, pass over the Pittsburg, Fort Wayne & Chicago R. R., which will, we believe, greatly expedite their time, and cause greater regularity in their transmission. This route is now admirably managed, and forms a very pleasant and reliable route between the East and West. Its business is increasing quite rapidly.

RAILROAD MEETINGS IN IOWA.—MR. CLINTON, the energetic agent of the Milwaukee and Mississippi R. R., and Director in the McGregor road, is holding a series of meetings in the counties of Iowa along the line of the latter road, awakening the people to action in putting it speedily into working order.

NEW CROTON RESERVOIR.—The new Grand Reservoir of the Croton aqueduct, will cover 106 acres of ground to the depth of 35 feet, and it is estimated that there will be in its construction 63,304 cubic yards of soil to be excavated and placed in the banks, 70,000 cubic yards of puddle, 659,000 cubic yards of excavation and embankment, 285,000 cubic yards of rock excavation, 21,000 cubic yards of stone paving or stone wall, and 320,000 feet of sheet piling.

☞ HON. THOMAS CORWIN has accepted an invitation to deliver the address before the Fireman's Tournament at Elmira, N. Y., on the 13th of next month.

FINED.—HENRY A. SMITH, President of the Chicago Union Joint Stock Co. has been fined $600 for selling lottery tickets.

More Kansas Troubles.

It seems that the malcontents have succeeded in "raising the devil" again in Kansas. The Lawrence folks, without any pretence that their Charter, granted by the Legislature was wrong, have set up for themselves and established a Charter of their own, in their own way—independent and in defiance of the enabling act.—*Madison Patriot.*

Won't the *Patriot* overhaul its documents and tell us what under the sun the "Enabling Act" has to do with the Lawrence city charter?

PENSION BUREAU.—The following is an extract of the business of the Pension Bureau, at Washington, for the month of June:

Number of applications for bounty land received..........1,480
Number of warrants or certificates issued..3,614

To satisfy these warrants, 588,270 acres of land will be required, as follows:

3,103	warrants of 160 acres each..........	496,480
575	warrants of 120 acres each..........	69,000
284	warrants of 80 acres each..........	52,720
2	warrants of 40 acres each..........	80
3,964	Total..........	588,280

Total number of applications received..588,280
Number of warrants or certificates issued.209,022

It will require 25,916,330 acres of public land to satisfy these warrants.

NEW YORK MAYOR AND CITY JUDGE.—In the course of the Coroner's Inquest upon persons killed in the late riots in New York, a German physician testified that some of his patients, who were among the rioters, informed him that "*they had the authority of the Mayor and Judge Russell to resist the law*," and that, acting upon that authority, *they had fired upon the Police from their windows!*"

EAU CLAIRE SETTLERS' CLUB.—A large number of citizens of the Chippewa Land district in this state have organized a Settlers' Club, to protect actual residents against the movements of the speculators.

BAYFIELD, WIS.—The town of Bayfield, on the south shore of Lake Superior, 80 miles from Superior City, seems to be growing finely. We condense the following items from the *Mercury* of July 4th;

An excellent dock has been built, 255 feet long, and a large warehouse.

A steam-saw mill has been built at a cost of $10,000.

A Hotel, 66 feet by 60, is nearly completed.

Twenty-seven two story buildings have been put up in the last 9 months, and are in use, while more are being built.

We copy the following "Local items";

BUFFALO.—The celebrated Indian warrior, Buffalo, died at La Pointe a short time since at the advanced age of a hundred years.

CHURCH.—The Methodists are now building a handsome church, to be completed, ready for dedication on the 15th inst.

SCHOOL HOUSE.—The foundation of a school house, 20 by 24, was laid about two weeks ago, which is to be built, seated off neatly, and painted as soon as it can be done.

FIRST WAGON.—The first wagon that was ever brought through from St. Paul to Bayfield was driven through by Mr. A. B. Fargo in company with Mr. W. McCloud of St. Paul.

LA POINTE.—La Pointe is situated on the Island immediate opposite Bayfield. The distance across is two miles. Some one of the sail boats owned here, numbering in all 25 or 30, crosses almost every hour in the day.

WEATHER.—The weather at Bayfield has, this spring, been usually pleasant.

RAILROADING AT SHEBOYGAN.—The following items are from the Sheboygan *Times*:

RAILROAD BUILDINGS.—Mr. A. L. Weeks, who has the contract for putting up the Railroad depot and Round House, is about to commence work, upon them, and will push them forward to completion as rapidly as possible. All work turned out by Mr. Weeks is of the most substantial and workmanlike character, and we are confident that these buildings will be no less an ornament to our city than they will be an enduring monument of his skillful architecture.

☞ A cargo of railroad iron is now on the way from New York to this city, for the track of the S. & M. R. R.—enough, it is said, to lay six miles of track. We are assured by one of the Directors, that the road will be in running order to Clarke's mills the coming fall. When that event shall have transpired, the inauguration of a new era in our business prospects will have commenced.

The pioneer engine is soon to be brought over the Lake Shore R. R. to this city, and shipped to Sheboygan on a scow.

THE WEEVIL IN WHEAT IN CANADA AND NEW YORK.—The Chatham *Planet*, Sarnia *Observer*, and Thorold *Gazette*, Canadian papers, speak of very extensive damage done by the weevil to the wheat crops.

The Rochester *New Yorker* says:

The Midge is, we have reason to fear, destroying the wheat crop of this region. We hear of its ravages in almost every direction. In some localities, where the appearance of the wheat would indicate a yield of thirty bushels to the acre, not over five to ten bushels is now expected. From a bunch of wheat heads, now on our table, we have examined several kernels and found on the berry and inside of the husk of each, from ten to 15 larvæ deposited by the midge—a more numerous product than we ever before observed. From this evidence, and the testimony of credible farmers, we are constrained to believe that, in this section at least, the wheat crop of 1857 will prove a failure.

IMPROVED STEAMBOAT LIGHT.—The Detroit *Tribune* thus speaks of a new steamboat lamp put on board the steamers of the Michigan Central Railroad:

We have had the pleasure of inspecting a new and highly valuable steamboat lamp, manufactured by Messrs. Kelly, Fitch & Co., the patentees, of Rochester, New York. These lamps will throw a broad light upon the sail of a vessel a mile off, and are distinctly visible at the distance of twenty-five miles. When first described they present the appearance of a full moon rising upon the horizon. We are glad to learn that the boats of the Michigan Central Line—the Plymouth Rock, Western World and Mississippi—are to be immediately furnished with them.

The Head Waters of the Wisconsin River.

The Stevens Point *Pinery* says:

Messrs. C. H. Helms and Joseph Fox have just returned from a tour of exploration to the sources of this river; they made the trip in a bark canoe, with Indian assistants, and were out 21 days. Particulars of the trip will, we are informed, be published are long. They report the Falls at Grand Father Bull 150 feet; this is probably an over-estimate, though doubtless the fall is much greater than that given by Owen, 25 feet. The river is crooked, abounding in rapids from there up, with a number of heavy tributaries falling in from the east and west. These gentlemen followed an easterly branch, till it crossed the State line into Michigan, a few miles east of Lac Vieux Desert; coursing still up the stream in their canoe, they re-crossed the line of Wisconsin, and into a lake nearly the size of Desert, and some 15 miles to the S. E. of it. The country abounds in lakes of clear water, with fish, and the streams skirted with fine timber.—They found a district of pine barrens, crossing the river in a N. W. direction, some 25 miles in width above Pelican river, of nearly worthless land; a few settlers are occupying a better region, farther up. We look with much interest for the publication of Mr. Helms' journal, and map.

A SCOUNDREL CAGED.—A man by the name of Peter Olson, who has but recently graduated in the penitentiary of this state, was lodged in the jail of this city on Saturday last on a charge of horse stealing. It seems that since his graduation at Waupun he has been doing a lively business in the stealing line. Within that time he has relieved the different owners of five horses, a covered buggy, two sets of harness, a steer and a heifer and a lumber wagon, of the care and possession of them. His last feat, we believe, was the stealing of a pair of finely matched horses, from a gentleman residing in Portage City. He was arrested on Friday last by Deputy Sheriff Burdick, of this county, and the end of his recent adventures will probably be a provision to retire for another series of years, from the cares and troubles of the world, to his recent quiet retreat at Waupun.—*Janesville Standard.*

COUNTERFEITS!—In our paper of yesterday we cautioned the public against the reception of counterfeit 5's on the Chippewa Bank. Since then we have learned that counterfeit bank notes of the denomination of $10 and $20 on some banks in Kentucky, are in circulation, and several attempts have been made to pass them upon business firms in this City, which in one instance succeeded. Our citizens should use great caution, as the bills appear to be numerous and in the possession of persons whose intention it is to pass them, knowing them to be worthless.—*Janesville Standard.*

State Normal School—Meeting of the Board of Regents.

The Madison *Journal* contains the proceedings of the first meeting of the Board of Regents, appointed under the law of last winter, to arrange and direct the Normal School System.

A. BRUNSON was called to the Chair, and D. Y. KILGORE was appointed Secretary. The following members of the Board were present and answered as their names were called;

Edward Cooke, J. G. McKindley, A. C. Spicer, Alfred Brunson, Noah H. Virgin, J. J. Enos, S. A. Bean, M. P. Kinney and D. Y. Kilgore.

Hon. A. D. Smith, Associate Justice of the Supreme Court, came in and administered the oath of office to the members.

The Board was then divided by lot into three classes as follows:

FIRST CLASS.

Noah H. Virgin, A. C. Spicer and Edward Cooke, whose term of office will expire January 1st, A. D. 1858.

SECOND CLASS.

THIRD CLASS.

M. P. Kinney, J. J. Enos and J. G. McKindley, whose term of office will expire January 1st, A. D. 1860.

On motion proceeded to an election of officers, which resulted in the choice of

M. P. KINNEY, of Racine, *President.*
EDWARD COOKE, of Appleton, *Vice President.*
D. Y. KILGORE, of Madison, *Secretary.*

Committees were appointed on various subjects, and the Board adjourned till next day

At the next meeting, the Secretary was directed to furnish an office, and his compensation fixed at $2,50 per day.

Two thousand copies of the laws of last winter and the proceedings of the Board were ordered printed for general circulation.

The following system was adopted by the Board, for the distribution of the fund;

1st. A Normal school or Normal department, as contemplated in this act, is in the estimation of this Board, one in which students are educated with especial reference to fitting them for teachers in our public schools.

2d. Any College or Academy that shall institute such a Normal department, and comply with the regulations which the Board may from time to time make as contemplated by the act above referred to, shall be considered as coming within its provisions and entitled to its benefits. Such department, however, shall be distinct and separate from the original Academic or Collegiate department, and its design and only aim shall be to qualify teachers for the business of teaching in our public schools.

3d. Pupils may be admitted to this Normal Department who shall have attained the age of 14 years, and shall pass a satisfactory examination by the principal or conductor of the said Normal department, in Elementary Sounds, Reading, Spelling, Intellectual Arithmetic, Written Arithmetic, as far as percentage, Geography and Penmanship.

And it shall be understood that no person shall be allowed to take up any study, till he shall have passed an examination in the manner prescribed by the Board in all studies previous to it as laid down in the course of study adopted by this Board.

No institution shall draw *pro rata* from the income of this fund, for any student in attendance at such Normal School for a less term than three months, or unless he shall have passed a satisfactory examination in one third of a year's course of study.

The institutions receiving the benefits of this fund, shall make their annual reports to the Secretary of this Board on or before the first day of February in each year; such report, embracing the calendar year terminating in December, shall include the names, residence, age and studies of each pupil taught in the Normal Department, verified as the law directs.

The President or Principal of any institution intending to apply for the benefits of this fund, shall give notice to the Secretary of this Board of such intention, and of the time of examination of pupils in the Normal School or department, to take place at the close of their academic term next ensuing, at least six weeks previous to the close of said term.

And it shall be the duty of the President of this Board to appoint a committee to attend the examination of pupils in such Normal School or Department, and report to this Board at its next annual meeting a full statement of the results of such examination, and of the condition of said school.

The course of study shall be as follows:

First Year—Reading, Spelling and Defining, Mental Arithmetic, Geography with map drawing, Written Arithmetic, Elements of Sounds, English Grammar, Theory and Practice of Teaching, Analysis of Words, Principles of English Composition.

Second Year—Higher Arithmetic, Elementary Algebra, History (ancient and modern), Elocution, Theory and Practice of Teaching, English Composition, Physiology, Vocal Music.

Third Year—Higher Algebra, Geometry, Book-Keeping, Vocal Music, Natural Philosophy, Logic, Rhetoric, Elocution, Science of Government, Chemistry, Astronomy; Optional—Latin or Greek Languages, Classical Geography.

Fourth Year—Trigonometry, Conic Sections, Botany, Geology, Mental and Moral Philosophy, Political Economy, Surveying, Optics, Mechanics, Hydrostatics, Electricity, Magnetism, Meteorology, Natural History; Optional—Languages as above, and History of Civilization.

Relative to the establishment of a distinct Normal School, a report was adopted, which expresses the opinion of the Board that their only power under the act is to receive proposals for erecting and "donating" such institutions, and the Board can appropriate $3,000 per annum towards the support of such a school, when one is selected.

Should any towns, villages or cities make an offer of such Institute, in accordance with the provisions of said act, the committee recommend that information embracing the following items, be given in such proposition:

1st, Plat of ground, size, valuation, abstract of title, facilities for reaching it.

2d, Plan of buildings, valuation, and any other information necessary, respecting its adaption to the purpose of a Normal School, as contemplated in the act.

Gen. Harney to be Retained in Kansas.

The Washington correspondent of the New York *Herald*, writing on the 16th, says:

"I learn to-day that the Secretary of War contemplates sending Colonel Johnson, who now is in command in Texas, to Utah, instead of Gen. Harney. This change is deemed necessary, owing to the troubles that are apprehended in Kansas in case he should leave the Territory."

So it seems that the recent proclamation of Gov. Walker against the town of Lawrence was duly anticipated at Washington city.

A gentleman lately from Kansas says that extreme measures, on the part of the Governor and the United States troops under his command, were not much apprehended by the Free State men. They rather thought that the manifesto of Walker against Lawrence, and the ordering out of seven hundred troops, were but a series of sham movements which were intended to defeat the Utah expedition—and we must confess that the above orders from Washington look that way. Mr. Buchanan and his cabinet are perhaps not very sanguine about the war with the Mormons. They are afraid it will be troublesome business and want to back out. So they will invent a hundred pretexts against the Free State party of Kansas, for the detention of the troops now quartered at Leavenworth, and will assert the necessity of placing the Territory under military rule, with Gen Harney to command, and frighten all the women and children with his military spurs and fierce mustachios.—*St. Louis Democrat.*

THE GRASSHOPPERS.—These little ruffians are doing their worst. Over many whole sections the ground is perfectly covered with them, and growing crops are eaten even with the ground. Very many farmers have given up all hope of raising anything this year, and will pay no further attention to cultivating their crops, so confident are they that their labor would be thrown away. One gentleman in St Anthony thinks there are several hundred bus. of grasshoppers in his garden! Out in the western part of Hennepin co. one man gathers them by the bag full, dips them in boiling water, and feeds them to his hogs! The hens are living so high, that the prospect is they will grow fat, leave off laying, and thus we shall have a famine in eggs. Most of the vandal horde are small and unable to fly. As their wings grow, they will set sail before the wind and move off in clouds.—*St. Anthony (Minnesota) Republican.*

WHO THE RIOTERS ARE.—The Albany Journal says: "It is a noticeable fact that boys under 20, constitute a majority of all ordinarily engaged in broils and riots. This results from criminal parents, and from the inefficient provision made for the education and care of street children. One engine house, where the boys are allowed to congregate, is worse than ten grog-shops."

Detroit and Milwaukee.

The committee of gentlemen, whose names were mentioned in the *Advertiser* a few days since, as having departed on a visit to Milwaukee, for the purpose of arranging preliminaries for the "Ferry Line" between Grand Haven and that city, have returned and report to us their entire gratification which attended the interview between themselves and the citizens and Press of Milwaukee. The committee consisted of Hon. J. H. Thomson, one of the Directors of the Port Huron railroad, R. Higham, Esq., Superintendent of the Detroit and Milwaukee R. R., Col. O. B. Dibble, Capt. Willoughby, and Capt. Howard, U. S. N.

These gentlemen found the citizens of Milwaukee, not only ready to render the rites of hospitality, but also to come forward and do what became them, in the way of aiding the enterprise in question. This they did to the amount of $100,000 in a shape which is entirely available to the Company.

The present undertaking is this. Two steamers are to be built, costing $200,000 each, at once, to run between Grand Haven and Milwaukee, which are to be of sea-going character—that is, they are to have no upper-works of any kind, they are to have no guards, except of course the paddle box covers, the decks are to be flush, fore and aft, and they are to be in all respects of the same class as the Steamers which ply between Holyhead and Dublin, which are considered models for rough, short seas, and which have not lost two trips in twenty years, across the rough route.

The length of the steamers is to be 275 feet, over all, beam 40 feet, hold 16 feet 6 inches and the draught of water loaded, will be 9 feet.—There are to be five water tight compartments, or bulk-heads, and the safe-guards against accident, will be in every respect complete, so far as human prudence can suggest. The contracts for the building of these boats have been entered into, and by a special agreement between the parties, E. K. Collins, Capt. Comstock of the Baltic, and Capt. William A. Howard, U. S. N., have been selected as umpires to whom the hulls will be submitted for inspection and acceptance.

The engines designed for the propulsion of their craft, are the same lately used in the Canada and America on Lake Ontario. These boats were purchased some time since by N. P. Stewart, Esq., and his design is to take the engines out to use in this service. These engines were built at West Point of the best materials, and of the finest workmanship, and no expense was spared upon their construction.

The engines and boilers of the America and Canada were built in the celebrated West Point Foundry, and have been in use but one season. The cylinders are 72 inches in diameter, with 12 feet stroke. These steamers (America and Canada) cost the Great Western Railway Company £97,500.

From the tone of the Milwaukee papers, as well as from assurances of the gentlemen who have interested themselves in this matter, we feel assured that this necessary link in the connecting line between Portland, Me., and the Mississippi river, will now become completed. The Kershaw, now laying at the docks of the Detroit and Milwaukee railroad, and loading with staves from the line of that road, would seem to afford another assurance that the mutual obligation resting between English capitalists and this line of public improvement, will not be overlooked.—We look for a bright day, for the hopes and prospects of this enterprise.—*Detroit Advertiser.*

A Descent upon Lawrence—Gov. Walker under Arms.

A few weeks since the citizens of Lawrence made some arrangements to institute an independent town Government. To this Gov. Walker took exceptions. He issued a proclamation against the movement, dated July 15, and encamped near Lawrence yesterday, with a squad of near four hundred dragoons. In his manifesto he asserts that the movement is insurrectory because it denies the validity of the Territorial Legislature, and is in defiance to it, and that its tendency is to incite like movements in other portions of the Territory, whereby "for all practical purposes, in many important particulars, the Territorial Government will be overthrown."

About a mile from town we found the Governor in his carriage, with G. W. Brown and G. W. Collamer. Mr. Walker told us that he intended to arrest these revolutionary proceedings, and that the United States army would be called into requisition if needs be.

The citizens of Lawrence held a meeting during the afternoon, and despatched a messenger to Brown and Collamer to inform them that they were not authorized to act for the town.—After this meeting the people dispersed. The appearance of the troops, be their purpose what it might, did not seem to disturb the equanimity of the citizens of the threatened town.

In the evening a meeting was called to ratify the proceedings of the *Free State Convention*, at Topeka. After giving the entire action of it a unanimous ratification, and the nominees a most hearty endorsement, some attention was paid to the fact of an army being quartered so near to them. It was maintained that the organization of the town had only been to secure ends essential to the well being of the inhabitants that could not be so easily reached in any other method; that the movement did not look beyond Lawrence or contemplate any collision with other authorities; that Gov. Walker had made a descent upon them without investigating the matter thoroughly or giving them timely notice of his opinion of their action,—and that no law had been violated by the action of the people.

A resolution was unanimously adopted, that the act of Gov. Walker in quartering upon the town in time of peace an army, was illegal, unconstitutional and infamous, and deserving only of cool contempt.

During the evening the meeting was addressed by Gov. Robinson, Gen. Lane and T. Dwight Thatcher, in their usually able and entertaining manner.

Kansas to be subdued—Panama.

[Special Despatch to the New York Times.]

WASHINGTON, July 19 1857.

In accordance with the express wishes of Governor Walker Gen. Harney, and a sufficient force of the Dragoons and Light Artillery, will be detained at Fort Leavenworth until after the October elections. Col. Albert S. Johnson, of the Second Cavalry, now in Texas, will be ordered to proceed in command of the troops to Utah.

The United States Government require the island of Tobago, in the Bay of Panama, as indemnity for the past and security for the future. The British Government will then propose to acquire Isla del Rey.

ACCIDENT.—The fine steamer *New St. Croix*, bound down, came within an ace of *going up* this morning before leaving. A screw got loose somewhere about her boilers, letting the steam off with tremendous force and noise. The panic stricken passengers rushed madly about the boat in their endeavors to escape—numbers plunged headlong down the gangway—others took flying leaps from the hurricane deck, while others again, with remarkable presence of mind, quietly descended the guards. Our esteemed friend and fellow citizen, Dr. B. W. Chase, was on the steamer at the time of the explosion, but happily escaped by plunging headlong from the hurricane deck. The Doctor received no other injury than a slight contusion on the elbow, caused by his alighting too suddenly on *terra firma*. The screw was adjusted, more water pumped into boilers, and the steamer went on her way rejoicing.—*Eau Claire Tel.*

THE "ASTOR" HOUSE.—It is just twenty years since CHARLES A. STETSON became identified with this patron Hotel of the world. It was then a marvel; and, although dazzlingly magnificent establishments have grown up since, the Astor still retains its superiority in all that pertains to solid home-like comfort. Mr. STETSON has entered upon his fourth seven-year lease. Old prices—$2 50 per day—are continued; and new attractions, if such things can be where all was perfection before, have recently been added in the shape of an elegant Restaurant.

That RESTAURANT, by the way, is a most admirable feature. Its cuisine is faultless. Every conceivable luxury, served to please the most fastidious taste, and at fair prices, can be obtained there. Already the right sort of People have found the ASTOR RESTAURANT to be *the* place for LUNCHES or DINNERS, simple or sumptuous, as suits the time or fancy of men of business or leisure.

Those who go to the City for a day can always find, to order, Breakfasts and Dinners over which a Farmer or an Alderman, a Merchant or a Prince, may smack their lips or wipe their mustaches with great satisfaction.—*Albany Evening Journal.*

FATAL ACCIDENT.—We learn that on Saturday evening last, Rev. G. N. Hanson, residing on Fountain Prairie, was kicked by a horse and so fataly injured that he died on Sunday. It appears that Mr. Hanson went into the stable to tend to his horses and while there one of his horses being rather vicious bit him on the shoulder, whereupon he took up a stick and struck the horse, which he said was the last he remembered. When Mr. Hanson was found he was lying in the stable senseless, but afterwards recovered so as to be able to give the above particulars.—*Columbus Republican.*

LOSS OF A FRENCH STEAMER.—Some time past a report has been circulated that a French frigate had been wrecked on the Newfoundland coast. This rumour, received with incredulity at first, has been confirmed. The vessel is called the *Newton*, and was making the coast at Port au Choix, twelve leagues from Blancs-Sablous. The *Newton* is an iron steamer, and 171 feet in length. M. Captain Sagot de Varmoux was commander All the crew was saved.—*Montreal Pays.*

From the N. Y. Tribune, July 20.

Election Frauds in Pennsylvania.

The late Presidential Election was virtually decided, and the election of Buchanan secured, by the result of the State Election in Pennsylvania on the second Tuesday in October last. That result was produced by money contributed in this City and expended in Pennsylvania just before that election. Had the vote been taken two weeks earlier, Buchanan would have lost the State by from five to ten thousand majority.—His leading supporters knew it was against them when they came here and pressed our Pro-Slavery bankers, brokers and office-holders into giving them the requisite money wherewith to reverse the popular verdict. And they know now that Mr. Buchanan was made President by that levy.

At that election, Philadelphia was made to give a Buchanan majority of 3,485—the vote for Canal Commissioner standing, Scott (Buch.) 36,088; Cochrane (Union Opp.) 32,603. And this Buchanan majority in the City was more than the ticket obtained in the State: the total vote standing—Scott, 212,886; Cochrane, 210,111; Scott's majority, 2,775. Thus outside of Philadelphia, in spite of the universality of the frauds whereof that city was the focus, Cochrane had a clear majority of 600 votes.

The frauds in Philadelphia were so great that William B. Mann, the opposition candidate for District Attorney, who was beaten in the vote polled by Lewis C. Cassidy, the Buchanan candidate, resolved to contest the return before the highest courts of the city. The case has at length been brought to trial, and on Saturday, Judge Thompson delivered the unanimous opinion of the court, ousting Mr. Cassidy and affirming the election of Mr. Mann.

The investigation on which the decision was based was extended to but eight of the hundred or more polls held throughout the city. These sufficed to prove Mr. Mann's election, but the defense were at perfect liberty to extend the scrutiny to any or all other polls. These polls returned [illegible] for Cassidy to 263 for Mann, while the whole number of taxables (synonymous with legal voters) in the districts in which these polls were held was but 1,717, or 105 less than Cassidy's vote alone! Of the illegal vote, it was proved on the trial that at least 1,163 must have been cast for Cassidy, reducing his return vote from 34,475 to 33,307, and electing Mr. Mann by 518 majority. This being practically as good as ten thousand, Mr. Mann had no motive for increasing the expense of the contest by going further, or he might doubtless have proved thousands more of his opponent's votes as bad as there 1,163.

How they Voted in Kansas.

A gentleman who recently went from Bloomfield to Kansas, writing to a friend under date of June 12, 1857, says:

Last Monday was the day for the election of Border Ruffian Delegates to attend a Convention to draft a Border Ruffian Constitution. I have not heard the result of any district but this.—There are four townships in each district. There are about 75 voters in this district, or what the Pro slavery party called voters. (We Maine boys are not considered voters, because we are not Proslavery, but I reckon we shall vote *next Fall.*) I did not attend the election because not one of our men did. Two Border Ruffian Judges presided over the election, received, sorted and counted the votes, and the Border Ruffian Delegates declared unanimously elected. The whole number of votes thrown was *two*, they having been thrown by the Judges themselves. The next day one of said Judges started for the County Court to return the votes, but when he got there he found his returns not signed by the *Clerk*, and consequently he had to return. The County Court is in Claytonville, and the Court was to be in session that day, but when the people arrived the Judge was not to be found. His name is Clayton, and we have since heard from him.—He is in Jail in *Chicago* for passing counterfeit money. He offered the jailor or officer that had him in custody $50 to let him off, but he could not come it in Northern Illinois. All the above facts are strictly true.—*Maine Republican Chariot.* B.

WEATHER AND CROPS.—The abundant showers of rain we have had during the past week have refreshed and invigorated the whole vegetable productions of this region. Crops of grain and vegetables never looked finer or promised a more bountiful return to the farmer and gardener. Corn has been backward, owing to the late cold spring, but it is now in a flourishing condition, and will produce well if the frost keeps back to the usual season in the fall.—*Manitou Star.*

THE WIDE EXTENDED and constantly increasing reputation which our safes have acquired, for unequalled durability and finish, warrants us in calling the attention of the public to our increased facilities for manufacturing the same.

The numerous improvements which we have added to our Steam Works, (Nos. 215, 217 and 221 East Water St.) places us beyond the reach of competition in our line of business.

The severe tests which the Badger State Safe has stood both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

IMPOSING UPON A COUNTRY LAD.—A mean imposition was attempted to be practiced upon a country lad a day or two since, by three clerks in a clothing store in this city. The boy had never been in the city but once before, and appeared, what would be termed "rather green". He went into a store to purchase some yarn, but as there was none in it to suit him, he was about leaving, when the "sharks" (it appears he got among these kind of animals) thought him a good sheep to fleece, and consequently pressed him to look at some articles of clothing which they declared were *very cheap*. He enquired the prices of several garments, but told them he did not want to buy any at present, as he had not money enough, and was about leaving when one of them forced him to try on a new cap, which was also very "cheap," and while one was doing this the other took the boy's cap, and rolled it up behind the counter, and refused to give it back to him unless he would buy the clothes which they had shown him, or pay them something for his cap. He refused to do either, and left the store crying, and went in search of a policeman. One of the "sharks" followed him until he was quite close to the watch house, where he had been directed, and tried to persuade him to pay him something or buy the clothes, and that he would give him his cap. As the boy was about going into the watch house, the fellow told him to come back to the store and that he might have his cap, but when he got there the same game was practiced over again, when the lad gave information to the police, who arrested the three "sharks." They were committed for examination, but their employer gave bail for their appearance. He was not in the store at the time, and disclaims giving his clerks authority or allowing them to practice any such imposition.

PLANING SAW.—We were shown yesterday one of BARLOW'S Patent Planing Saws in operation at the cabinet manufactory of J. F. BIRCHARD on West Water Street, where builders, carpenters and joiners, cabinet makers and others who have any use for machinery of this kind, are invited to call and examine this valuable invention. Valuable invention, we say, because it appears to us as such, though we have seen no certificates of its utility, neither have we seen anybody who has used it for any length of time, but we have seen it in operation, and it worked satisfactorily, is very simple, and we think is all that the owners represent it to be.

It is in the shape of the common rotary saw, but is so arranged as to cut with the greatest accuracy, and plane the timber as it saws it with more precision than the finest hand plane, and can be applied to every description of wood work upon which a plane or saw can be used. It will saw a log into flooring, siding, fencing, or any other shape, as fast as the ordinary sawing machines, and plane it smoothly at the same time. The saw varies in size from 12 inches to 6 feet in diameter, so that it can be used with the greatest facility, either upon heavy or light work.

It is, in fact, nothing more than a common saw, the teeth of which are constructed in such a way as to plane the wood as they cut it.

It will not often get out of order, and is so simple that any mechanic can easily repair it.

We think it is a valuable machine, and must come into very extensive use when known.

Mr. E. Boomer, at Watertown, is the agent for this State.

NUISANCES.—A correspondent in the *News*, justly complains of sundry neglected matters about the corners of Market and Martin Streets; the most particular among which is a well that is constructed in such a manner that the gutters of both streets discharge their dirty water and filth of every description into it, converting it into a stink hole, and making it certain disease for any body who is unfortunate enough to use the water from it. This well should either be made, and kept clear, or filled up and put out of the way; and then people will not be in danger of swallowing disease and death from it; but abundance of good water should be provided in all parts of the city, and at this point a good well is needed as much as at any other place.

On a vacant lot directly opposite this is a pond of stagnant water, which the boys of the neighborhood have converted into a bathing place! It is unnecessary to say more about it. There are other matters on Market Street, which the Aldermen will have no trouble in finding, that need immediate attention.

PANORAMA OF THE TOUR OF EUROPE.—This attractive exhibition opens at Young's Hall *this* evening.—From all that we have seen and heard about it, we can confidently promise all who go to see it a rare treat. As a work of art, it possesses great merit, and its representation of cities, mountains and landscapes in Europe are remarkably faithful. The gay city of Paris; the majestic Alps; the fiery Vesuvius; Naples, with its beautiful Bay; the rich and glittering city of Hamburg, seen by night and in the noonday; the magnificent Cathedral at Milan, lit up for midnight mass; Florence, the home of the Arts; Rome, the Eternal City; Switzerland, the land of Tell; Berlin, the elegant metropolis of Prussia—all these pass, in succession, before the spectator. The siege and bombardment of Sebastopol closes the scene. Good music accompanies the exhibition. We have only to say, in conclusion, that the Panorama opens to-night, and to advise all our readers to go and see it.

PATENT SAFE DOOR.—We saw yesterday, at BERLINER & BRUNO'S Badger Safe Manufactory, a door, made at Magdeburg, Prussia, for fire-proof safes, which may fairly challenge comparison with any yet made in this country. It was purchased by Mr. BERLINER, who is now in Europe, and sent to Milwaukee as a sample of "old country" skill. The locks, bolts, &c., are simple, but most efficient and would seem to defy alike fire, powder and burglars. It is well worth the inspection of the curious.

THE WAR TRAIL—A ROMANCE OF THE PRAIRIE.—This is one of Capt. MAYNE REID'S graphic and interesting Border stories. The author has made this field peculiarly his own and his books fascinate all classes of readers. The "War Trail" is one of his best efforts. It is published in handsome style, by R. M. DEWITT, New York, and for sale by STRICKLAND & Co., East Water street.

INTERESTING WORK ON INDIA.—Mr. Brainard, a Cincinnati publisher, is introducing, in this city, a very popular work on India, which has already received the stamp of critical approbation. It was prepared by Mr. CALEB WRIGHT, after a sojourn of some years in India, and embodies the results of his observation and experience. The work is profusely illustrated and printed in good style.

Proceedings of the Board of School Commissioners.

SPECIAL MEETING.

MILWAUKEE, July 20, '57,
7 o'clock P. M.

Board met pursuant to call.

President Mallory in the Chair.

Present—Messrs. Bade, Bode, Burnham, Brown, Chapman, Church, Daggett, De Vos, Elmore, Horan, Hayden, Kuehn, Larkin, Lippert, Mallory, Schwarting, Sely and Seger—18.

Absent—Colligan, Hadley, Mitchell, Miller, Nole, O'Neill, Reed, Shortell and Johnson—9.

The reading of the minutes of the last meeting was dispensed with.

Mr. Bade offered the following:

Resolved, That the basement of the Sixth Ward School House, to wit: Such part thereof as is ordered by the Common Council, to be fitted up for the use of the German teacher to learn the German language, shall be only used for such purpose, and for no other, until otherwise arranged by this Board.

Which was adopted.

Mr. Church offered the following:

Resolved, That the German teacher in the Sixth Ward School, his contract be annulled, and void; and his services be no longer required as teacher of the Sixth Ward School, until a suitable room or building be built, unless it will interfere materially to the detriment of our Public School.

Mr. Bade moved the indefinite postponement of the resolution.

Which motion was carried by the following vote:

Ayes—Messrs. Bade, Bode, Burnham, Horan, Kuehn, Larkin, Lippert, Mallory, Schwarting and Seger—10.

Noes—Messrs. Brown, Chapman, Church, Daggett, De Vos, Elmore, Hayden and Sely—8

On motion the Board adjourned.

J. A. SEGER, Secretary.

A GREAT FEAT.—Mr. W. F. Robinson, a hero of the Mexican war, and an estimable soldier, will favor our citizens with an exhibition of his skill on the fife, on Saturday evening, at Light Guard Hall, by performing the great feat of playing fife, in quick march time, *six miles without ceasing*. Mr. Robinson is considered one of the best fifers in the country, and his entertainment will, no doubt, be an interesting one. We bespeak for him a full house, not only of the military, but of citizens generally.

LOW PRICES.—Messrs. Mack Brothers, at the Milwaukee Savings' Store, are selling dry goods at wonderfully low prices, in order to close out their immense stock, in consequence of the advanced state of the season.

The closing sale will be continued until the 15th of August, so that those who would buy dry goods cheap had better improve this opportunity while it lasts.

FOR BUFFALO.—The Propeller *Neptune* leaves for Buffalo this (Thursday) morning.

The propeller *Illinois* leaves for the same port to-morrow morning.

Griffin & Burns, foot of East Water street, are agents for passengers for both of these boats.

WEATHER.—We are just now enjoying the perfection of Milwaukee summer weather. The air is pure, the sky clear and generally cloudless, the sun shines brightly, but its rays are tempered by a fine breeze off the lake. No better weather can be found anywhere

THE COLLINS AFFRAY.—James Collins and his wife, Margaret Collins, who stabbed and attempted to murder policeman Collins, have had their examination continued to August 5th, and they recognized in the sum of $1,500 for their appearance—Little Jimmy, the news paper peddler going bail for them.

MUTINOUS SAILORS FINED.—The three sailors, John Dorsy, Frank Fish, and John Connally, who were arrested for mutiny on board the propeller *Kenosha* were fined this morning in the sum of fifty-two dollars for all of them.

THE ARSON CASE.—Thomas Ryan, who was arrested a short time ago for setting fire to a building on 3d street, was convicted yesterday, and sentenced to States Prison for 7 years by Judge McArthur.

THE MORMON GONE UP.—Isaac Pierce, the Mormon Elder, who was convicted of larceny in the town of Oak Creek not long since, was yesterday sentenced to States Prison for one year and six months.

NEW POTATOES.—We are indebted to Raymond & Spice, No. 18 Wisconsin street, for a mess of new Meshannocks. Fresh Vegetables, Sweet Butter, and Fat Poultry may always be found at their stand.

BANK NOTE LIST.—Messrs. BRIDGE BROTHERS issue their semi-monthly Bank Note List this morning.—Copies may be obtained at their banking and exchange office, 228 East Water Street, south of the Walker House.

CONCERT THIS EVENING.—The Third Concert of Vocal and Instrumental music, by the choir of the Spring St. Methodist Church, assisted by Prof. Stevens, is to be given this evening, at the church. The preceding concerts have been well attended and much enjoyed.

ACKNOWLEDGMENT.—We are indebted to Mr. C. C. STOARNS, of the steamer *Ocean Wave*, for St. Paul papers ahead of the mail.

The Badger Safe Triumphant!

The following letter from a gentleman in Buffalo will show how one of our Safes stood the late fire in that city, and is a valuable guarantee to the public of the durability and fire-proof qualities of our safes.

BERLINER & BRUNO.

BUFFALO, July 16, 1857.

Messrs. Berliner & Bruno, Milwaukee:

GENTLEMEN—In reply to your inquiry as to how the Safe I purchased from you stood the recent fire in the Marine Block, in this city, I will briefly give you the facts, that you, and others interested, may judge for yourselves.

The Safe was located in the second story of the building, at least 20 feet above the lower floor, and in falling struck the fluke of an anchor stored below, making a deep dint in the Safe, and I believe opening or starting the iron plates at the edge of the safe, where it received the blow. It remained in the ruins for nearly a whole day, and was exposed to as great a heat as safes usually are in fires of this description. On taking it out, I found that the outer plate was warped, or raised in places, showing the non-conducting preparation used in filling, which perhaps, may have been caused by the heat getting in between the plates of iron, through the opening made by the blow received in falling. The key I could not get into the lock, and I was obliged to have the door cut out. On opening, I found the contents of the Iron Drawers, consisting of bank bills, stock certificates and other papers of value, *in as good a condition as when put in*, only discolored slightly by smoke and heat.

The papers in the pigeon holes were likewise in a good state of preservation.

My books, standing on end in the bottom of the safe, were not injured beyond the binding. The leather covers were burned, or crisped up, and pieces would fall off on being handled, but the paper was uninjured, and the writing is as legible as the day it was written.

If the safe had not received the blow it did in falling, I believe all the contents would have been well preserved and my opinion is that with fair usage in any fire, your safes will prove to be what you claim—fire proof.

I have no use for a new safe at present, but when I want one will order of you.

Yours respectfully,
jy22d115d2&w1t. CHARLES ENSIGN.

[From the New York Tribune of July 15th.]

CLEVELAND, Ohio, July 11, 1857.

Marine Intelligence.

The following circular, signed by the masters of two propellers, one bark, two brigs, and twenty-seven schooners, appeared in the Oswego *Times* of the 15th:—"In view of the conflicting opinions regarding the importance of shifting boards in grain-laden vessels, we, the undersigned masters of vessels feel it to be our duty to state, that in our opinion all grain-laden vessels—not filling full to the deck—should be provided with shifting-boards, for the protection alike of vessels, cargo and crew.

Several cases have come under our observation where serious damage has resulted from the shifting of cargo, and endangering the lives of crews. We, therefore, earnestly recommend their general use in grain cargoes."

Vessels passed Detroit, July 19 & 20.

Bound Down—Props Louisville, Wisconsin.

Bound Up—Prop. Queen of the Lakes, Acme, Plymouth—brig Young America; schr Live Yankee, C. C. Trowbridge, St. Helens, Tartar, Resolution, Racer, M. S. Scott and Geo. Steel.

SAILED—The schooner *Monticello*, loaded with 17,000 bushels of wheat from Mr Wm. T. Van Pelt's warehouse, left here on Saturday for Oswego. This will probably be the last cargo sent forward until after harvest.—*Racine Journal*

☞ The attempt on Saturday to launch the 'caisson' for Point au Pelee light house, resulted in a temporary failure, owing to the want of sufficient motive power and adequate cables. We learn that the U. S. steamer Michigan has gone to Erie to procure cables. She will probably return in season to resume operations to-morrow.—The Relief came up to the city and returned to-day with additional anchors and other appliances. It is thought that the efforts of Mr. Scott will be crowned with success.—*Det. Tribune.*

☞ The propeller Acme, bound for Chicago, got ashore at Point au Pelee Saturday night, about 12 o'clock. On Sunday morning the U. S. steamer Michigan, which fortunately happened to be hand, hitched to and gave her a slight jerk, which brought her afloat, and she reached Detroit last evening, all right.—*Ib.*

ASHORE.—The propeller Republic, hence for Dunkirk, was driven upon Bois Blanc Island in a heavy squall last Saturday night about midnight, where she was still lying on Sunday morning. The tug Merton was pulling at her. She lies on a sandy bottom.—*Ib.*

SALE OF THE 29TH—A chance for speculation. Our list of property for the public sale of the 29th, is daily being added to, and some very choice lots will be offered at prices which at any other time would be considered as ruinously low.
On the list we have a tract of 27 acres adjoining the city, which offers the best chance for a good investment of any property which has been sold this season, and the terms are such that a fortune can be realized from the land before one quarter of the purchase money falls due. Our catalogue will be prepared in a few days, for the meantime we will add to it such lots as the owners may wish to dispose of in this manner.

A HOMESTEAD FOR EVERYBODY.
WE OFFER a limited number of lots in the First Ward only one mile from Spring Street Bridge, on as easy terms as they are selling in the new additions. Our terms are only five dollars on a hundred to be paid down, and three dollars on a hundred in monthly payments thereafter. A handsome discount will be made when three or more monthly installments are paid at once. The lots are situated in the best part of the 1st ward, on high rolling ground, commanding a fine view of the city and lake, and are only one mile from the center of business. Those who apply first will have the choice, and as there are only about twenty lots to be sold, we advise everyone wishing to have a homestead in the city, instead of going four miles to some of the new additions, to call at once. Any person with a salary can save enough to buy one or more of these lots, and we invite all disposed to purchase to give us an early call. The property will be worth double what it is offered at now in two years. The owners of the property propose grading the streets to the established grade, and laying plank sidewalks opposite these lots, at their own expense. Advantages of buying these lots over any that have been offered this season—1st, They are only one mile from the center of business, the post office, &c; 2d, They lie high and handsome and in the most healthy part of the city; They are offered on such easy terms, viz. five dollars on a hundred at the time of purchasing, and three dollars on a hundred monthly thereafter; 4th, They give everybody an opportunity of owning his own homestead, right in the heart of the city, by paying a small sum out of his monthly earnings; 5th, The purchasers of these lots will be at no expense in making their streets, (most of the streets are now being made) or on laying their sidewalks; 6th, The title is perfect. We might go on giving reasons why this is a grand opportunity to get a home, but we have said enough. Call at our office and we will show you the property, and give you your choice of Lots.
